If you have questions on how to fill out this form or about the on-site sewage facility program, please contact us at your local regional office or at 512/239-3799. Individuals are entitled to request and review their personal information that the agency gathers on its forms. They may also have any errors in their information corrected. To review such information, contact us at 512/239-3282.

This application may be executed in separate and multiple counterparts, which together shall constitute a single instrument. Any executed signature on this agreement may be transmitted by digital or electronic transmission, including but not limited to facsimile transmission and electronic mail. Any signature affixed to this application shall constitute an original signature for all purposes.

AFFIDAVIT TO THE PUBLIC

THE COUNTY OF _____
STATE OF TEXAS

According to Texas Commission on Environmental Quality (TCEQ) Rules for On-Site Sewage Facilities (OSSFs), this document is filed in the Deed Records of _____ County, Texas.

I

The Texas Health and Safety Code, Chapter 366 authorizes the Texas Commission on Environmental Quality (commission) to regulate on-site sewage facilities (OSSFs). Additionally, the Texas Water Code (TWC), §5.012 and §5.013, gives the commission primary responsibility for implementing the laws of the State of Texas relating to water and adopting rules necessary to carry out its powers and duties under the TWC. The commission, under the authority of the TWC and the Texas Health and Safety Code, requires owners to provide notice to the public that certain types of OSSFs are located on specific pieces of property. To achieve this notice, the commission requires a recorded affidavit. Additionally, the owner must provide proof of the recording to the OSSF permitting authority. This recorded affidavit is not a representation or warranty by the commission of the suitability of this OSSF, nor does it constitute any guarantee by the commission that the appropriate OSSF was installed.

II

An OSSF requiring a maintenance contract, according to 30 Texas Administrative Code 285.91(12) will be installed on the property described as (insert legal description):

The property is owned by (insert owner's full name)

This OSSF shall be covered by a continuous service policy for the first two years. After the initial two-year service policy, the owner of an aerobic treatment system for a single family residence shall either obtain a maintenance contract within 30 days or maintain the system personally.

Upon sale or transfer of the above-described property, the permit for the OSSF shall be transferred to the buyer or new owner. A copy of the planning materials for the OSSF may be obtained from the TCEQ.

WITNESS BY HAND(S) ON THIS _____ DAY OF _____, _____.

Owner(s) signature(s)

SWORN TO AND SUBSCRIBED BEFORE ME ON THIS _____ DAY OF _____, _____.

Notary Public, State of Texas

Installation Contract

Installation Prices: Include appropriate trash and pump tank sizes.

- ___ 600 gpd Norweco Aerobic Unit
- ___ 750 gpd Norweco Aerobic Unit
- ___ 1000 gpd Norweco Aerobic Unit
- ___ 1500 gpd Norweco Aerobic Unit

Site evaluation / Design / Permit: Total _____ (Good for 60 days)

- **This is a dry bid only.** In the event the job site is not accessible due to the weather conditions, there will be an additional charge to mud the system in (either use of track hoe to dig and set tanks or use of mats to drive truck in). Additional amount charged is subject to severity of location.
- The above prices are based on the home having one stub out and the tanks being located within 15' of the stub out. If there is more than one stub out, there will be an additional charge per stub out to connect the pipe. In the event of multiple stub outs and the stub out being positioned such as to require the installation of a lift station, there will be additional charges.
- An additional charge of \$250.00 for Risers will be added if stub outs are more than 24"
- **Owner's electrician is responsible for bringing 30amp 110 circuit (for 600 gpd only) within 5' of stub out.** Hurt's will provide 15' of electrical, however extra wire and conduit will be an additional charge.
- **Excess dirt will be left stockpiled on job site.**
- **Hurt's will not responsible for damaging any unmarked underground lines.**
- **Homeowner or Builder** is responsible for water supply to fill tanks, as well as the removal and/or replacement of fences or structures.
- **Hurt's not responsible for back filling around tanks after dirt settles.** One load of sand provided by Hurt's to be used for 4" pad under tanks and filling around 4" pipe from house.
- **Payment in full required day of installation. Contract is with Hurt's and homeowner. If payment is coming from the builder, the homeowner is responsible for making sure Hurt's receives that payment.**
Visa / MasterCard / accepted at Hurt's office only. If used, there will be an additional charge.
